

**SAINT ANN PARISH
STEWARDSHIP
GIVING GUIDE**

The following chart illustrates the relationship between income and weekly giving to Saint Ann Parish offertory. To confirm your current percentage of giving, find your income on the left, move across the same line to your weekly gift amount, and move straight up the chart to determine your percentage offertory gift. Please consider sharing grateful, sacrificial gift at the next level. For example, if you presently give 4%, consider sharing a gift of 5% or 6%.

Another helpful guide for prayerfully discerning a level of sharing from one's treasure in gratitude for God's blessings – for those who are wage-earners, consider sharing 1-hour's worth of one's weekly wages (or 2.5%) as an expression of your thanks to God and your support of the many ministries that touch the lives of so many with what Pope Francis has so wonderfully called "The Joy of the Gospel"!
